

simplify ACCOUNTING

SERVICES AVAILABLE

- **REAL TIME NUMBERS**

Integrating the e-Dashboard technology allows us to have real-time financials, offering you more complete and accurate consulting

- **FASTER TURN AROUND**

The e-Dashboard technology eliminates the need for "accountant's copy's" to be mailed back and forth

- **DISASTER RECOVERY PLAN**

All of your QuickBooks® files will be stored on off-site servers with SAS70 security preventing loss of any data

- **ANYTIME, ANYWHERE – GO GREEN!**

Creating a virtual office for you anywhere and at the click of a button. Turn your office into a paperless portal!

ACCOUNTING SOLUTIONS THAT WORK FOR YOUR BUSINESS

Are you tired of waiting to get financial reports? Seeing data when it may be too late to correct the problem? Do you get locked out of your system? Worry about losing data? Want to be looking at real-time accurate numbers *with* your accountant? You can!

Your accountant has signed on to become a 21st Century Accounting Firm and is offering you the latest in technological advances.

The e-Dashboard technology allows you and your accountant the freedom to access files, documents and your entire QuickBooks® system – anytime, anywhere! Save time, money, paper, resources, and replace those headaches with convenience.

The e-Dashboard simplifies the accounting process to increase productivity and profits! Become an e-Dashboard client today...see results tomorrow.
